.....

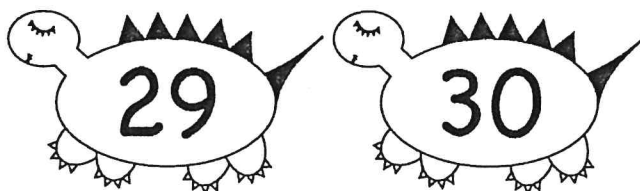

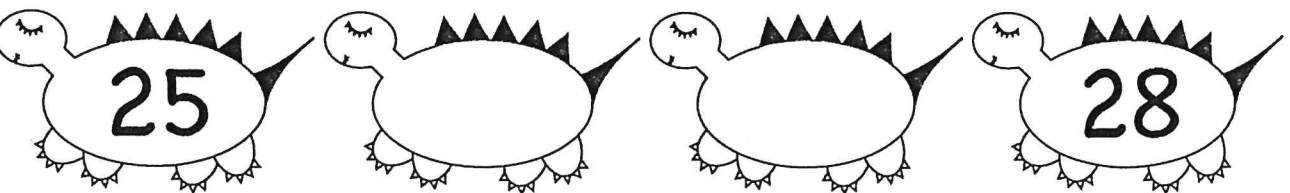

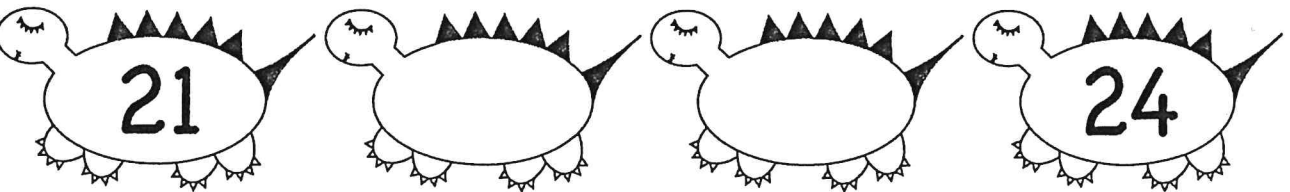

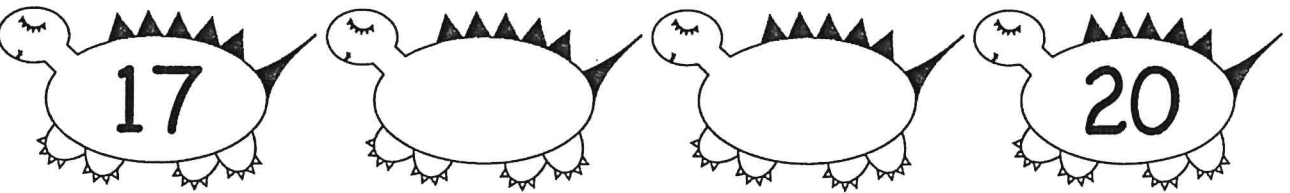

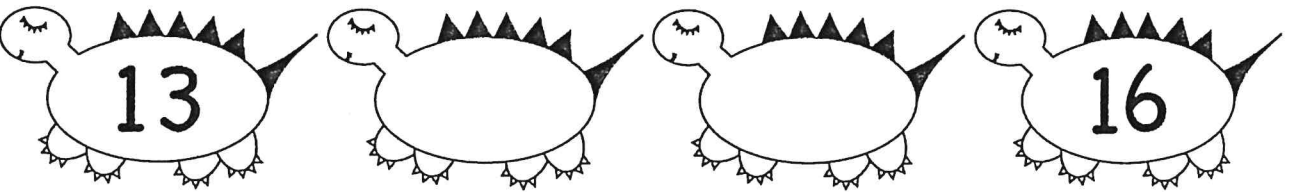

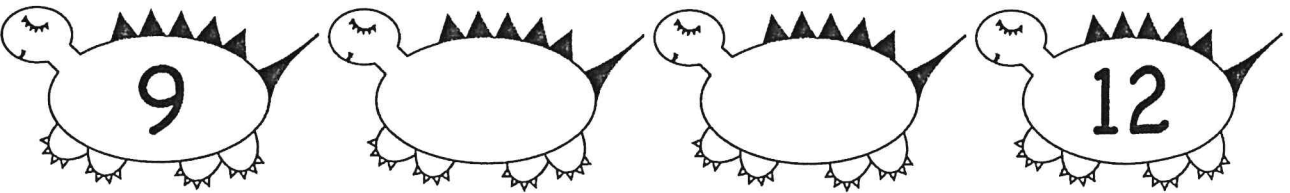

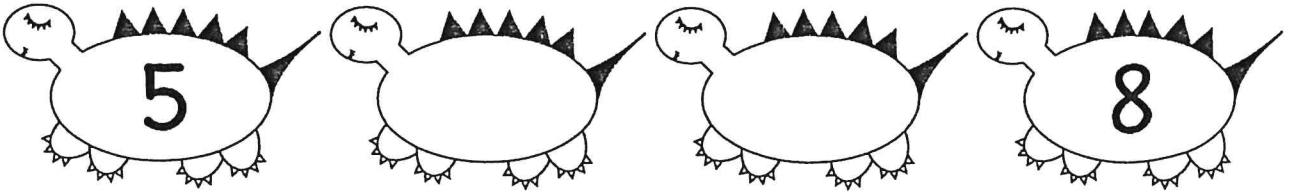

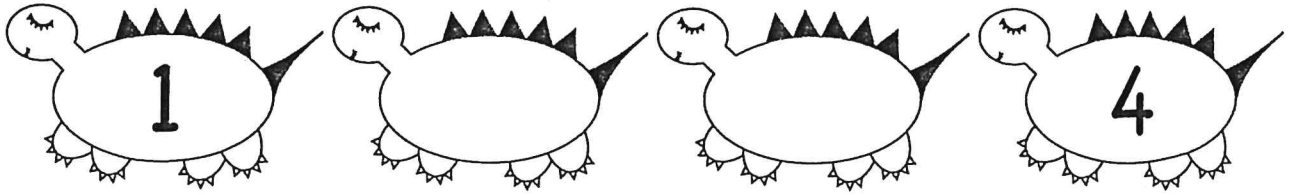

Find and trace the words from the sentence.

The dog bug is mud in
tin the web wet wax

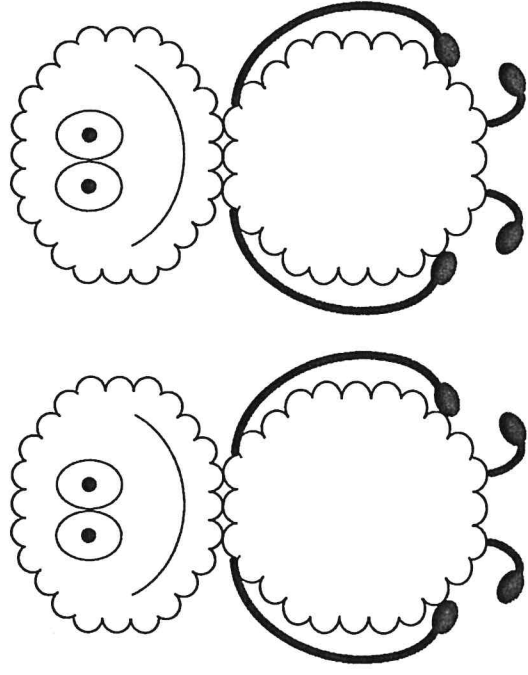

What will happen to the bug? Finish the sentence.

The bug will.....

Write each missing number.

Write each

21

Religion / Thursday

To assist in further understanding and responding to the concept of creation, facilitate some of the following experiences relating to land. Provide opportunities for students to explore the phenomena of land, eg collecting rocks, soil, branches, leaves, flowers etc.

Ask 'I wonder...' questions such as:

I wonder how the mountains came to be about?

I wonder what the garden soil feels like in your hands?

I wonder what it feels like to crunch a leaf in your hand?

*Make something from rocks
and draw your creation.*

*Make something from soil
and draw your creation.*

*Make something from leaves
and draw your creation.*

*Make something from
flowers and draw your
creation.*
